

Kota Bhanu Prasanth Reddy

📍 VIT Vellore ✉ bhanuprasanth2605@gmail.com ☎ +91 88854 94689 in linkedin 🌐 Prasanth4689

Education

Vellore Institute of Technology, Vellore, Tamil Nadu
B.Tech. in Computer Science

July 2023 – Present

Bhashyam Junior College, Guntur, Andhra Pradesh
Class XII

June 2021 – April 2023

Projects

AI Smart Trip Planner

Web-Based Travel Recommendation System
HTML | CSS | JavaScript | UI/UX Design

- Developed a web application to generate **personalized travel plans** based on user inputs like destination, budget, and travel dates.
- Implemented logic for **custom travel recommendations** considering multiple constraints.
- Designed a **responsive and interactive UI** for improved usability.

Hybrid Image Forgery Detection System

PyTorch — ConvNeXt — EfficientNet — Vision Transformer — Computer Vision

- Developed a hybrid deep learning system for image forgery detection using CNNs, ViT, and handcrafted features.
- Implemented attention-based feature fusion, focal loss, and ensemble learning for improved accuracy.
- Achieved up to 96% accuracy on CoMoFoD and CASIA v2.0 forgery datasets.

Car Rental Customer Feedback Analyzer

GenAI-Based Sentiment Analysis System
Python | IBM watsonx.ai | NLP | Prompt Engineering

- Developed a **GenAI-powered system** for sentiment analysis of customer reviews.
- Applied **prompt engineering** for improved classification accuracy.
- Identified key issues and implemented **priority-based categorization** for insights.

VeriCourt – AI-Enhanced Judicial Support System

FastAPI — React.js — RAG — Generative AI — Computer Vision

- Developed an AI-powered platform for evidence authentication and legal assistance.
- Built deepfake and tampering detection modules for images, audio, and videos.
- Implemented a RAG-based legal chatbot and courtroom debate simulator.

Certifications

IBM Generative AI Certificate

Gained hands-on experience with generative AI models, prompt engineering, and applied NLP techniques.

May 2025

The Complete Full-Stack Web Development Bootcamp

Udemy
Learned full-stack development covering HTML, CSS, JavaScript, Node.js, React, and database integration.

Aug 2025

Achievements

- State 1st Prize, World Space Week – ISRO:** Awarded for excellence in space science innovation and problem-solving.
- Reliance Foundation Scholar:** Selected as a Reliance Foundation Scholar, receiving a 4-year merit-based scholarship awarded to top-performing students across the country, recognizing consistent academic excellence and potential for future leadership.

Skills & Technologies

Languages: Python, C/C++, Java, JavaScript, SQL

Web Technologies: HTML, CSS, REST APIs

AI/ML & GenAI: Machine Learning, Deep Learning, Computer Vision, NLP, Generative AI, RAG, Prompt Engineering

Frameworks & Tools: PyTorch, FastAPI, React.js, NumPy, Git, GitHub

Platforms: IBM watsonx.ai, IBM Cloud, AWS, Vercel, VS Code
